

Air1 is a great part of our lives here in Fort Smith, AR. It helps provide a quality alternative to the music that my generation is listening to. It provides clean music with an up beat. I am a avid listener of all radio stations, and lately I have been disappointed with the lyrics I have heard come off other radio stations in my area. For example: "smack my bi***", "because I got high", and "I'll shoot a ni***r for talkin that sh**" are all lyrics that we hear on a daily basis at other radio stations in this area. If people have no other alternative to rock music how will our children grow up? Air1 greatly influences our children and our churches. You hear some of the same music from Air1 in some local churches that are more contemporary. Air1 provides a great alternative and is in the best interest of the community and our future. Please leave Air1 and stations like it on the air and do not take their airwaves. Our future depends on you.
