

I was helped by a faith based ministry to get off drugs (5 years now)K- love has absolutely helped me stay permanently off drugs.

I have now devoted a portion of my life to help others do the same,many of those I`ve worked with have spontaneously commented on how K-Love has uplifted & been a very positive influence for them.

The powerfully positive influence K-LOVE has had on so many ex-addicts, former prostitutes, gang members, & former inmates is astonishing. K-Love brings hope to those who it so desperately need it. The degree of help it brings to the above-mentioned is very little known to the general public. It is highly in the public interest to continue having FM translators for K-Love. PLEASE do not allow (LPFM)legislation to change or hinder K-LOVE from helping in the public interest. thank you very much.
